Ject-lesson we have had in the history | while it limits the business of breedof the rise, progress, and fall of the ing to men of capital, does not malefactors who have filled their necessarily prevent the ordinary pockets by stealing from the tax- farmer from procuring male animals payers of the city of New York! wherewith to improve his native. Their present condition is a fearful stock. A stock of grade cows for the comment on Solomon's statement dairy may be gradually gathered up that "the prosperity of fools shall de- by the expenditure of from fifty to

two hundred dollars. Many breeders Notlong ago the lesson was in a of Jersey cattle will dispose of a very different shape from that in voung bull calf for a very small sum, which it appears to-day. It went out because the color does not suit their all over our nation, and through other laste, while in respect to its pedigree, nations, from the great metropolitan or other useful qualities, it may be lion-dollar Court-House, that thieves young and well cared for, will bemight steal successfully, if they stole come useful for raising calves at a largely enough to face and brow-beat year old. A yearling heifer of his the public. The men who had sud- get will, by the use of another such dealy amassed fortunes were making animal, become profitable at two a display of their ill-gotten wealth years old, and its calf will be threesufficient to dazzle the aspiring young quarters bred, and it is quite likely man who is wondering how he shall to become as valuable for the dairy get along in the world. The lad who as a pure animal that could not be is doing a man's work for boy's wages | purchased for less than \$300 or \$400. is tempted, by the glitter of the di The produce of this cow would be amonds the trot of the splendid seven-eighths bred, and if care is horses, and the gorgeousness of costly taken in selecting the parents, would mansions, to debate in his own mind show little difference from entirely whether or not, after all, it pays to be pure animals. Co-operation among honest, and to work on, year after a few neighbors who would each year, for only a little, when, by a procure and keep a young bull, whose himself on a cooting with men who would soon change the appearances, are wealthy enough to buy up every- is well as the productive qualities, thing that is for sale. lof the stock of quiet a large district.

The example set by these bad men | I w main point to be guarded against was followed rapidly enough. Never is not to breed from any but pure in the history of our country had stock. All male grade animals should stealing been done so boldly or on be emasculated or go to the butcher such a magnificent scale. Never were while young. The use of a grade buil CASH, there more embezzlements, defalca. ought not to be permitted. Here is tions, and breaches of trust. It was where many a mistake is made. In enough for any young man to know the course of four or five years quite that the successful villain kept out of a herd of three-quarter or sevenjail. But it, in addition to keeping eighth bred animals would accumuout of deserved imprisonment, the late, and profit would begin to come villains were able to make such an in. Ayrshire and Jersey cattle, exhibition of their wealth as to throw should be the breeds aimed at, as the magnificence of all honest wealthy these are excellently fitted for the men into the shade, was it not a fine dairy, and are profitably fed for the thing to steal, and to grow fat on butcher on ordinary farms. They CAP, stealing? The defalcations both in are exceedingly tractable, quiet and RECORD, public and private station make abun- orderly, and large milkers, and yield MOURNING ENVELOPE, PRINTING, BLOTTING, DRAWING, Now it is changed, and the lesson The Devon and Durham are better

is on the other side of the page, a ted for the grazier, and would be "They shall eat of the fruit of their more suitable where beef is the obown way, and be filled with their ject aimed at. But whatever the own devices," might safely be writ- breed chosen, care should be taken to ten on the unfinished facade of that woid neglect, or loss will inevitably costly building, the "metropolitan cusue. We have known cases where college of stealing." Men, who but a money has been invested in thoroughfew weeks ago, were defiantly dar ored stock which has been treated as ing the public to prove anything though its blood alone would be suffiagainst them, are now "silently steal- cient to protect it from neglect, exing" away to foreign shores, or posure and starvation. The natural scouring the city for bail to keep consequence of such a mistake was them from going to prison. Men, made a ground of complaint against who but recently (commanded their millions, and order voters, legislators, and disgust. The old adage, "blood millions, and order voters, legislators. und disgust. The old adage, "blood and even judges to do their bidding, will tell," true as it may be, is no are now as powerless as common talisman against such an error. The malefactors. It is well.
